

Figure H.1: Coworker Encouragement Rates (Raw vs. Shrinkage)

Notes: This figure compares the raw and adjusted distributions of coworker encouragement rates. The adjusted estimates are derived using an Empirical Bayes shrinkage procedure, as described in Section H.2. *Sample:* All completed responses from our 2024 survey round linked to registry data.

Table H.1: Coworker Encouragement Rates (Empirical Bayes Shrinkage)

	p25	p50	p75	sd
Journalists	.414	.457	.58	.138
Software Developers	.53	.68	.768	.16
Legal Professionals	.092	.178	.465	.23
Accountants	.289	.409	.555	.181
Customer Service Rep.	.291	.358	.466	.116
Marketing Professionals	.607	.823	.869	.18
Financial Advisors	.196	.35	.605	.237
HR Professionals	.289	.509	.737	.244
Office Clerks	.232	.31	.448	.149
Teachers	.116	.157	.243	.11
IT Support	.359	.48	.593	.162
All	.310	.428	.575	.173

Notes: This table presents summary statistics for the adjusted distributions of coworker encouragement rates, categorized by occupation. The adjusted estimates are derived using an Empirical Bayes shrinkage procedure, as described in Section H.2. *Sample:* All completed responses from our 2024 survey round linked to registry data.

I Invitation Letter

This section includes the invitation letter for our survey. We sent three reminders: two via email (Digital Post) and one via text message (SMS).

The section below focuses on our 2024 survey round. The invitation letter for the 2023 round follows the same format and is documented in Humlum and Vestergaard (2025).

The English translation begins on page 108, followed by the original Danish version on page 110.

Invitation Letter – English Translation

November 2024

Artificial intelligence and your job tasks

Dear [name]

Statistics Denmark is inviting you to participate in a research project about AI chatbots and your job tasks. You can participate by clicking the link below and completing the questionnaire.

AI chatbots use artificial intelligence to read and write text. You have been selected because you work in an occupation where AI chatbots may be relevant.

Your responses are important for research on new technology in the labor market. Everyone who completes the questionnaire will automatically participate in a lottery with a **prize of [X,XXX] DKK tax-free.**

Statistics Denmark is conducting the survey on behalf of researchers at the University of Copenhagen and the University of Chicago. The questionnaire takes **about 10 minutes** to complete.

Start the survey [url]

Or access www.dst.dk/ditsvar and enter your response code **[code]**.

Statistics Denmark handles your data confidentially. Results are presented in a way that prevents individual answers from being identified, and the data is used solely for statistical and scientific purposes.

Participation is voluntary. If you do not wish to participate, you can indicate this here: [refusal_link]

If you have any questions, you can e-mail info@dstsurvey.dk or call on 7777 7708 (every day between 9am and 4pm). Please provide your response code when contacting us.

Best regards,

Marie Fuglsang
Head of Division, DST Survey

Anders Humlum
Assistant Professor, University of Chicago

Information about Statistics Denmark's surveys and your rights

Who is invited to Statistics Denmark's surveys?

Anyone residing in Denmark may be invited to participate in one of Statistics Denmark's surveys. Participants are randomly selected. Our surveys aim to reflect the opinions and attitudes of the entire population, across gender, age, education, and place of residence.

Why is Statistics Denmark allowed to contact you?

Statistics Denmark can use its statistical production and related activities to carry out tasks under the rules for revenue-financed activities. This is stipulated in §1, section 3, no. 5, of the Act on Statistics Denmark.

How do we process your information?

The responses you provide in the survey are handled in accordance with the European General Data Protection Regulation (GDPR) and the Danish Data Protection Act.

The University of Copenhagen is the data controller for this survey. You can read more about the data controller and find contact information here: <https://informationssikkerhed.ku.dk/persondatabeskyttelse/publikation-af-videnskab/>

Statistics Denmark is the data processor and is responsible for data collection on behalf of the data controller.

Your responses will only be used for statistical and scientific purposes in this survey. Your answers will be deleted or archived in accordance with applicable laws when they are no longer needed for the study.

You can read more about how we process your data at: <https://www.dst.dk/privatlivspolitik-i-en-frivillig-undersogelse>.

If you have any other questions regarding the processing of your personal data, you are welcome to contact Statistics Denmark's Data Protection Officer at databeskyttelse@dst.dk.
